WE set a high standard for Ayres Foulards. They must be of pure silk, amply firm and perfectly printed. After that the beauty of design is everything, and we care not whether Frenchman, Chinaman or American prints them, so they are pretty. Perhaps that statement is a trifle strong, for we do favor Americans always, but such favoritsm never bars a foreign fabric should it have superior merit.

MONEY FOR NEW BRIDGE

COUNTY COUNCIL APPROPRIATES \$150,000 FOR STRUCTURE.

It Will Probably Be Decided to Build a Stone Bridge-Petition to Works Board.

The County Council yesterday appropriated \$150,000 for the construction of an eightyfoot bridge across White river on West Washington street. Plans and specifications will at once be prepared, and as soon as passed on by the Board of Commissioners, bids will be advertised for and the contract will be let. Whether it shall be a stone or iron bridge has not yet been and the Board of Commissioners is favorable to stone bridges, it is probable that such a bridge will be built.

The Council was not averse to making stability. the appropriation, but the manner in which the funds should be raised was a theme of It is proposed to borrow \$100,000 from the school fund and take the balance necessary for the construction of the bridge out of the general fund. This will leave the counsary to make temporary loans to carry the county till the next tax installment. When the next tax levy is made it will be increased so as to cover the expenses of

priations for other bridges: Bridge over Swamp branch, on the Surley road, \$2,200; oridge over Soehner branch, on the Mars Mill road, \$1,700; bridge over Pogue's run, on the Shearer road, \$3,600; bridge over Foltz branch, on the Surley road, \$1,900; orldge over Lick creek, on the Center and Warren township line, \$2,400; bridge over Bean creek, on the Center and Warren ownship line, \$1,900; bridge over Little Eagle creek, west of the Insane Asylum, 4,000. Other appropriations were: \$600 for fire escapes at the Board of Children's Guardians' Home, \$1,000 for the grade at the Fall creek bridge on the Oakland and Germantown road, \$1,500 for street improvements adjoining the workhouse, \$150 for insurance of the workhouse and \$300 for in- Races, Gambling Rooms and Saloons suring wooden bridges.

PETITION OF CITIZENS.

West Indianapolis Delegation Before the Board of Works.

J. W. McGrew, C. M. Dickson, Councilman Wysong, E. A. De Vore and the Rev. G. S. Henninger, representing citizens of West Indianapolis, yesterday presented the at a mass meeting asking that new bridges be built at River avenue and Morris street, ed to lay its tracks across the Kentucky-avenue bridge to connect with its line in West Indianapolis. Concerning the repair of the two bridges the resolutions

"That you do not consider the patching up of the old bridges under any consideration, but that you build new and substantial bridges on or near the present site; and we pledge our willingness to submit to a necessary increase of taxation o meet the cost of same. "Also we present to you our objection to driving piling in the river bed to strengthen said bridges for the reason that

they will catch drift and in the case of high water they will endanger the levee which protects our property and homes. "As a means of temporary relief, we respectfully suggest that the Street-railway Company be instructed to construct tracks

at once on Kentucky avenue over the Kentucky-avenue bridge and connect with their tracks now west of the river. The board stated that the contracts had already been let for the repair of the bridges and did not encourage the speak-It was also pointed out that the bridge at Kentucky avenue is not strong ugh to support street cars and that such a change would necessitate the

F. L. TORRES, OF MEXICO, IS SO-JOURNING IN THE CITY.

One of the Pioneer Americans in the Coffee and Rubber Business-Hotel Visitors.

A young man of slight build, apparently about thirty-eight years old, with mild, blue eyes and wearing a light-colored mustache, lounged in the soft settees at the Columbia Club yesterday noon. The young man is the pioneer American settler in Mexico so far as the cultivation of rubber and sugar products is concerned. He is F. L. Torres, son-in-law of E. H. Nebeker, of Covington, Ind. Young Torres was with his father-in-law yesterday, having just returned from the bedside of his wife, who has been dangerously ill, but is now thought to be improved. Mr. Torres is general manager of the

Isthmus Rubber Company, of Ubero. He spends about eight months of the year in Mexico and the greater part of the other PROJECT FOR ONE IN HONOR OF four months in New York. The company has an office at No. 29 Broadway. Torres went to Mexico fifteen years ago with a party of young Americans, who were seeking adventure and their fortunes. In the party was General Fred Funston, who has since distinguished himself by service in the Philippines. Out of this party of skin Gloves for driving, working and Americans, Torres was the only one that stuck to the country. The others disposed of their interests and came back to the States. "Funston got the fighting fever and went to help the Cubans," said Torres yesterday. He announced that there are perhaps more Indiana people interested in plantation enterprises in Mexico than from any other State. Torres is enthuslastic over the prospects of a great future America. He knew what the soil and climate of a tropical country would bring forth and he was not disappointed when he went to Mexico. Mr. Torres was in Mexico when informed of his wife's illness, and hurried at once to her bedside.
